# What is OWASP?

- Worldwide not-for-profit organization
- Mission: “to make application security “visible,” so that people and organizations can make informed decisions about application security risks”
- Participation is free and open to anyone
- All content is free and open to all

# OWASP University Outreach

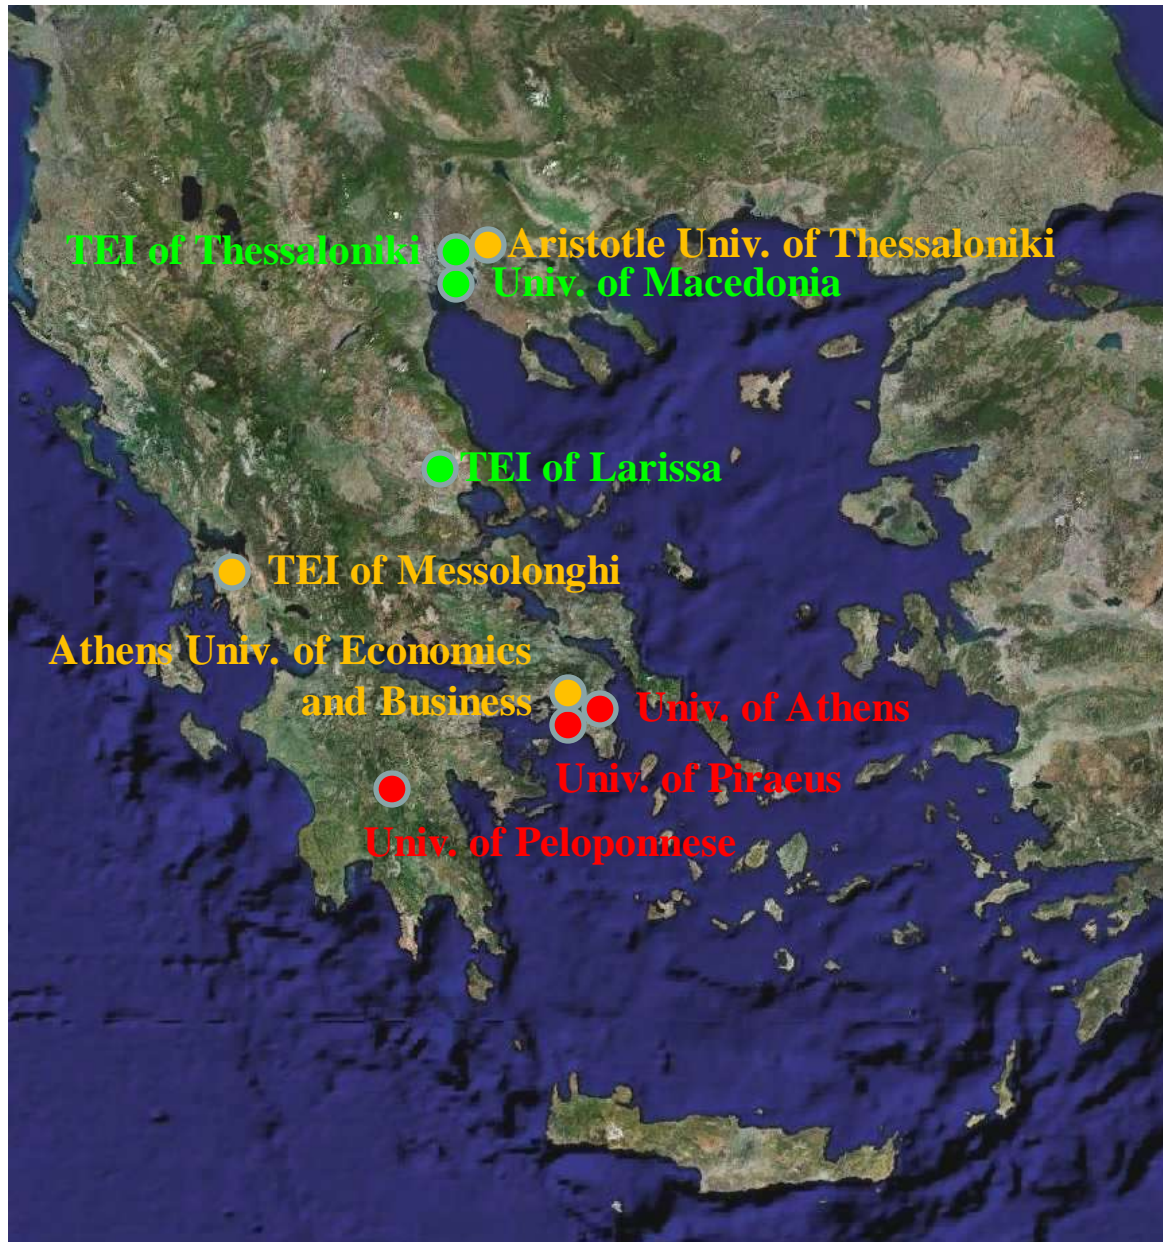

**Students are future developers**

# OWASP University Supporters

- NO COST
- Provide meeting space for the local chapter. Be open to discuss including OWASP education material in the curriculum to students. Provide feedback to help improve OWASP education material.
- Encourage students to apply for OWASP Grants and work on projects for OWASP Foundation that will help them build real world industry experience.
- OWASP and the University can jointly publicize season of code events which provide funding for students or faculty to perform security based research
- OWASP and the University can work together to host security seminars or provide introductory training sessions for students on OWASP tools, documentation and security skills.
