

## OWASP AppSec APAC 2013 – Sponsorship Opportunities

The **Open Web Application Security Project (OWASP)** is an open-source application security project made up of corporations, educational organizations, and individuals from around the world. Providing free, vendor-neutral, practical, cost-effective application security guidelines, the organization has fast become the defacto standards body for application security over the past decade.

The **OWASP AppSec AsiaPac Conference** is a premier gathering for Information Security leaders. Executives from Fortune 500 firms along with technical thought leaders, security architects and lead developers, gather to share cutting-edge ideas, initiatives and technology advancements.

**OWASP events attract a worldwide audience interested in “what’s next?” -- as an OWASP Conference sponsor, your brand will be included as an answer.**

International Experts Share their Insights

Conference Attendees Await a Keynote Presentation

OWASP is providing sponsors **exclusive access** to its audience in Jeju, South Korea through the sponsorship opportunities listed on p. 2-3 which include a limited number of exhibitor tables, providing a focused setting for potential customers.

Attendees will be routed through the Exhibitor area during breaks giving them direct access to sponsors’ booths and technology. The conference is expected to draw over 250 international attendees; all with budgets dedicated to web application security initiatives. Financial Services, Media, Pharmaceuticals, Government, Healthcare, Technology, and many other verticals will be represented.

Sponsorship opportunities are filling up rapidly. All proceeds from sponsorship support the conference and the mission of the OWASP Foundation a non-profit organization driving funding for research grants, tools and documents, local chapters, and more.

All sponsorship opportunities feature significant discounts to OWASP members, allowing you year-round access to the web application security’s top thinkers as well as use of OWASP materials in product and service delivery. Memberships can be bundled with sponsor packages if your organization is not already a member.

Contact us today at [appsecasia2013@owasp.org](mailto:appsecasia2013@owasp.org) or visit [appsecapac.org](http://appsecapac.org) to learn more about the event.
